TechnoSLAB
The New Age Porcelain Slabs

AN EVOLUTION OVER NATURAL STONES

TechnoSLAB extra-large format tiles are an unbelievable reproduction of the best textures nature can offer.

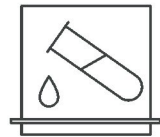

LARGE SIZE

TechnoSLAB is the largest tile ever made. Measuring an unbelievable 3200 mm x 1600 mm, this is where nature meets technological innovation.

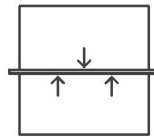

SEAMLESS DESIGNS

TechnoSLAB mimics the organic patterns of rare natural granite and marbles. The reduction of grout lines gives a flowing, seamless & open look to your spaces.

Ashta or Eight is a powerful number; it represents infinity. The two circles that form an 8 have no beginning or end; they merge into one infinite unit.

TechnoSLAB has a distinct character propelled with eight powers. We call it the Power of Infini8.

APPLICATIONS

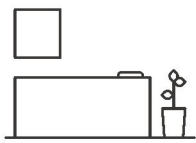

TechnoSLAB combine light weight and superior technical performance with added benefits that come with engineered porcelain slabs. The very nature of the material lets designers apply each of these possibilities in outdoor and indoor environments to develop robust, contemporary and artistically flawless spaces.
